

IT'S YOUR COMMUNITY. TRANSFORM IT WITH \$20,000.

Transform My Community Entry Form — Tell us your story!

Cotton farming is more than a job — it's a way of life deeply rooted in community. Transform® WG insecticide helps to protect your cotton yields, and now it can help your hometown, too.

Tell us how Transform has helped protect your cotton yield from plant bugs and how your favorite organization or charity (local FFA chapter, food bank, library, etc.) is working to help transform your community. Your idea could win \$20,000 for your community and a \$1,000 cash prize for you!

The contest is open to cotton consultants and growers where Section 18 emergency exemptions have been granted for the use of Transform insecticide in cotton. Good luck!
