

# IT'S YOUR COMMUNITY. TRANSFORM IT WITH \$25,000.

## Transform My Community Entry Form – Tell us your story!

Let's celebrate five years of Transform My Community together!

Transform® WG insecticide helps protect your cotton and sorghum yields, and now it can help your hometown, too. We know local resources are important to communities but can be tough to fund, and we want to help.

Over the past four years, we have donated more than \$75,000 to local organizations that help make a difference in your neighborhood. Now it's your turn to tell us how Transform has helped protect your cotton or sorghum yield from insect pests and how your favorite organization or charity (local FFA chapter, food bank, library, etc.) is working to help transform your community. For the fifth anniversary of Transform My Community, your idea could win \$25,000 for your community and a \$1,000 cash prize for you! The first four runners-up will win a \$1,000 donation to the charity of their choice.

The contest is open to cotton and sorghum growers and consultants where Section 18 emergency exemptions have been granted for the use of Transform. Good luck!
